

Yannis Trantalidis

MSc in Data Science

About me

I am a mathematician with a passion for using quantitative methods and data to solve complex problems. My skills in mathematics, combined with my ability to think creatively and analytically, make me well-suited to pursue a career in Data Science.

Personal

Giannis Trantalidis
Nationality: Greek
1998

Areas of specialization

AI • Data Science • Mathematics

@ tradalidisg@gmail.com

WORK EXPERIENCE

April 2024–Oct 2024

Data Scientist • Work-Study Program
Hellenic Competition Commission
KIE in documents

Jun 2022–Oct 2022

Statistical Analyst • Internship
National Observatory of Athens
Statistical inference for cosmological model parameters

Nov 2022–Oct 2023

Hellenic Air Force EMY
Hellenic National Meteorological Service • Elliniko
Compulsory military service
Data collection

Sep 2020–Present

Math Teacher
Self-employed • Athens
Math and programming teacher for middle school students

EDUCATION

Present

Master's degree, Data Science
9.3/10
AUEB University

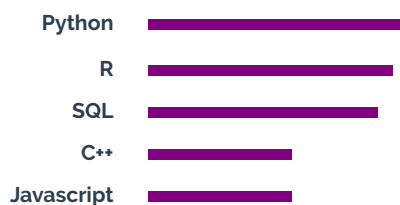

Sep 2023

Bachelor's degree, Applied Mathematics
9.02/10
University of Crete

PROGRAMMING

LIBRARIES & TOOLS

Scikit-learn, Keras, Tensorflow, Pytorch,
Pandas, Docker, Git, Tableau, Power Bi

LANGUAGES

Greek	C2	mother tongue
English	B2	<div></div>
